RESIDENCE INN BY MARRIOTT®
Residence Inn by Marriott invented and continues to define the Extended Stay lodging category in North America. With over 800 locations worldwide and twice the footprint of its next largest competitor, Residence Inn’s high awareness brings huge occupancy premiums and legendary RevPAR Index compared to the category.

Approximately one third of all business travel room nights are part of an ‘extended stay’. With its unique culture and service model that recognizes the different needs of long-stay guests, Residence Inn® is optimally positioned to serve this large market segment. The latest prototype evolves the guest suite by expanding the bathroom and re-orienting the living, working, cooking and dining spaces. A fresh new décor package provides contemporary appeal, while a new bar option creates additional revenue opportunities.

Building on its solid performance record and powered by Marriott’s peerless sales, marketing and operations engine, Residence Inn is primed to extend its leadership throughout Central America, Europe and the Middle East.
